

## ADAMS COUNTY ALUMNI CLUB IS ORGANIZED

An Adams County Alumni Club of Gettysburg College was formed Friday evening. Rear Admiral Roger Heimer (retired), Gettysburg, a graduate of the class of 1918, was elected president; Orville B. Orner, Gettysburg, vice president; Mrs. L. Long, Gettysburg R. 3, secretary, and Henry M. Hersh, New Oxford, treasurer. Rev. Dr. Henry W. Sternat, Biglerville, was elected as the club's representative to the executive council of the general alumni association.

Organization of the club took place at a dinner at the Hotel Gettysburg at which 40 graduates or former students were in attendance.

Following the formation of the club and the installation of the elected officers, a formal charter was presented by Dr. Walter C. Langsam, president of the college, and C. Paul Cessna, executive secretary of the college alumni association.

**"Matter of Re-Investment"**  
Henry M. Scharf, manager of Hotel Gettysburg, issued the call for the meeting on behalf of Ralph W. Hoch, Philadelphia, president of the alumni association, and presided over the meeting until the election of officers.

In citing the potential good an Adams County Alumni Association would accomplish in this area, Scharf said:

"In the present scheme of things, if we are to maintain educational freedom and if our institutions of higher learning are to remain free of state control, it is incumbent on those who have benefited from the present system to give of their interest and talents as a matter of re-investment so that the system (Continued On Page 4)

## HOSPITAL TO SHARE ESTATE

The will of Maude Wierman Kennedy, late of Huntington Twp., was filed for probate Friday with the register and recorder. It names her husband, Hilary R. Kennedy, York Springs R. 2, as executor of her estate, valued at over \$6,000, including her property in Huntington Twp.

The will provides that a cupboard-full of antiques and art objects be sold at public sale and the proceeds given to the Annie M. Warner Hospital, to set up a room for charity patients, which will be called the "Maude Wierman Kennedy" room.

The farm is left to her husband, for his life. The will provides that if he should die without children, the farm will be turned over to her physician, Dr. Donald D. Stoner, Carlisle. It also states that \$5,000 be left to the Gettysburg National Bank in trust for Mr. Kennedy.

A further provision states that a bond in Mrs. Kennedy's dispatch box be sold, with half the proceeds to go to the Lutheran Church of York Springs, and the other half to the Huntington Friends Meeting. One thousand dollars is to be held in trust by the Gettysburg National Bank for the maintenance of the Wierman family lot in Hampton Cemetery.

Mrs. Kennery bequeathed many personal objects to friends and relatives. The remainder of her estate is to go to her husband.

Mrs. Kennedy died December 31, 1954, at the age of 73.

## Langsam Sons To Remain At College

The two sons of Dr. and Mrs. Walter C. Langsam will be students at Gettysburg College next year although their parents will be in Cincinnati, Ohio, where Dr. Langsam will be President of the University of Cincinnati.

In his address at the organization dinner-meeting of the Adams County Alumni Club Dr. Langsam said that his son Walter, will be a sophomore at the college and Geoffrey will enroll as a freshman in September.

## NATIONAL YWCA OFFICER TALKS AT DINNER MEET

"The YWCA stands for the maintenance and establishment of world peace," said Mrs. Esther Cole Franklin, director of public affairs of the national YWCA, and she said that the United Nations is the best way to achieve it.

Mrs. Franklin, speaking at the annual meeting and dinner of the local YWCA Friday evening, raised the question of possible revision of the U.N. charter and said the "Y" is urging the appropriation of eight million dollars to further the Technical Assistance Program.

She also urged "telling our congressmen how we feel about the issues that are before us." She said that national organizations and local units can speak most effectively to Congress. She reviewed the "fine record" of the YWCA in its pioneering work with minority groups. The constant protection of civil liberties "to overcome the growing climate of fear which has been spreading in our country, is of vital importance," she said.

**Mrs. Rice Presides**  
Mrs. John S. Rice, vice president, presided and welcomed the guests for Mrs. Frank Kramer who was attending a welfare conference in Pittsburgh. Mrs. Kramer sent greetings to the group, as did Mrs. R. S. Saby, a former president of the Y.

Rev. Clyde R. Brown, pastor of the Presbyterian Church, gave the invocation. Following the dinner, Miss Anna Grimm sang a Lenten carol and a carol of service, accompanied by Mrs. A. Z. Rogers. By Mrs. Robert Portenbaugh and The "Centennial Prayer" was read the group sang "We Would Be Building" led by Mrs. Guyon E. Buehler.

A short business meeting was held when Mrs. Buehler gave last year's financial report and Mrs. Clark Smith, finance chairman, presented the budget for 1955-1956. This was approved by the membership. The board recommended that Mrs. Frank Kramer and Mrs. Conway Williams be voting delegates to the YWCA national convention to be held in New York April 21-27. This was approved by the members. Two other delegates will attend also. Mrs. Victor Meredith as Y-Teen chairman and Mrs. John Murray as Employed Women's representative.

**Honor Past Presidents**  
Mrs. Rice read the names of the living past presidents of the Gettysburg YWCA and presented them with testimonials from the national board in appreciation of their services to the YWCA. The testimonials were lettered by Mrs. C. H. Heldt.

The past presidents are: Mrs. M. Hadwin Fischer, 1927, 1930 and 1933; Mrs. R. S. Saby, 1931-32; Mrs. Blaine Walter, 1934-35; Mrs. Walter H. Danforth, 1937-38; Mrs. W. C. Waltemyer, 1939; Mrs. A. A. Hughes, 1940; Mrs. Robert Portenbaugh, 1941-42; Mrs. A. R. Wentz, 1943-45; Mrs. Richard A. Brown, 1946-47; Mrs. Guyon Buehler, 1948-50; and Mrs. W. Raymond Sammel, 1951-52.

The tables were set by the Annie Danner Club and arranged by Mrs. Wayne Keet who had them decorated with blue candles and ivy plants presented by the Wayside Flower Shop. At the speaker's table were daffodils, iris, carnations and tulips, the gift of Mrs. Frank Kramer. Favors were made by the B. and P. Club and the program covers were designed by Jean Staiger, a member of the Silver Link Y-Teen Club. The Bee's served the dinner, which was planned by Mrs. William C. Over and prepared by Mrs. Ruth Johns, assisted by Mrs. Gertrude Weikert and Mrs. Marie Clabaugh.

## "AG" STUDENT CLEAR \$99,982 IN LAST YEAR

Agriculture students in the Adams-Franklin area made a profit of \$99,982.49 from their school connected farm projects during the last year, Richard C. Lighter, supervisor of agricultural education for the two counties, announced today.

A summary of the 627 projects carried on by the 363 who completed the year's work, out of 402 that started, showed they conducted a more than \$220,000 gross business during the year.

Biggest profit making year, as far as total amount is concerned, since the projects were first started as part of the agricultural courses in 1938, 1954 shows that the average youngster had an income of \$253.39 from his project work. In 1953 when 344 students completed 573 projects and had a total profit of \$77,652.09, the average income per student was \$225.15.

**Beef, Bees, Corn**  
The report shows that some students may have secured up to \$1,000 or more profit from their endeavors. A total of 87 of the students completed three or more projects, while only 25 confined their activities to but one project. Sixty-five completed two projects.

The records for the year show the students had a gross income of \$222,063.08 from sale of their products and paid themselves \$14,887.08 for their own labor. They estimated their net profit after all expenses and their wages at \$77,652.09. The students spent \$130,360 to purchase seeds and animals, fertilizer, rent land, and for other expenses in connection with their projects.

Forty-two students completed beef cattle projects, and raised 64 steers which totaled 46,139 pounds live weight and brought in a total profit of \$3,556.44. Four students who handled 26 colonies of bees made a profit of \$122.26. Eighty-three had corn projects, totaling 452 acres and providing a profit of \$29,550.09. In the prior year 332 acres of corn were put out by 67 students and the profit then was listed as \$18,580.41.

## Gary L. Bucher, 21, Biglerville, Gettysburg College Senior, Dies In Auto Crash Early This Morning

Gary L. Bucher, 21, S. Main St., Biglerville, a Senior at Gettysburg College, was fatally injured at 2:40 o'clock this morning when his car smashed into a bridge just south of Biglerville.

State police said the youth apparently ran off the west side of the road, while headed north into Biglerville, and struck the side of the bridge.

Dr. C. G. Crist, Adams County coroner, said death came instantly from a broken neck, fractured skull, internal injuries and fractures of the left hip, left femur, left tibia and fibula and the jaw.

Police, who estimated damage to the car at \$3,000, said it was "torn apart" by the impact and parts were scattered about on the road.

## Wrecked Car Struck

A motorist headed south came on the scene, saw the vehicle and Bucher still in it, and backed to the center of Biglerville in order to get to a phone and call police.

A few minutes later Charles C. Heller, 28, Biglerville, headed north, apparently saw the crashed Bucher car too late, and his vehicle plowed into the wreckage. Damage to Heller's car was estimated by police at \$700. He was treated by Dr. P. J. McGlynn for a bruised right knee.

Police said the area was foggy at the time of the accidents.

## Services Tuesday

## HOXSEY CLINIC TO OPEN DESPITE PILLS SEIZURE

JOHNSTOWN, Pa. (AP)—State Sen. John J. Haluska, administrator of the Hoxsey Cancer Clinic in nearby Portage, says the clinic will be open as usual Monday—despite federal seizure of pills used in the clinic's controversial treatment.

The seizure yesterday was ordered by U. S. Atty. John W. McIlvaine. A U. S. marshal and a representative of the pure foods and drugs administration seized 514,820 pills, plus a quantity of pamphlets.

McIlvaine said the pills were used for treating cancer according to a method developed by Harry M. Hoxsey, who operates a similar clinic in Dallas, Tex.

**Promises Court Fight**  
The pills were shipped to Portage from Detroit March 11, McIlvaine said. He did not identify the manufacturer, but said they "are misbranded because they contain false and misleading representation."

Hoxsey claims the pills, made from various herbs, are effective in treating cancer. The American Medical Assn. calls his treatment "worthless."

An order by the Fifth U. S. Circuit Court of Appeals in Texas prohibits interstate shipment of pills or literature about them.

Haluska promised a court fight to recover the pills in a talk with newsmen last night.

## York Springs

YORK SPRINGS — The Made-moisse Club met at the home of Mrs. Isabella Guise Thursday night with 16 members present. Plans were made for a rummage sale April 15 at Gettysburg.

## Fleet Street Is Stilled By Strike

LONDON (AP)—Fleet Street, London's bustling newspaper row, was stilled today as a wage strike by electricians and maintenance men forced suspension of the city's nine main dailies.

The Manchester Guardian was the only national daily on sale in the capital as a result of the stoppage, which also shut the financial and sporting papers and the Communist Daily Worker.

One union official said the stoppage probably would last into next week.

London's eight million inhabitants depended on the British Broadcasting Corp. for news. There was a run on the newsstands for magazines.

Some 300 provincial papers published outside London were not affected by the strike, but none are being distributed in the capital. The unions want new pay raises to meet the increased cost of living, but they have not made public what they are asking.

## FACES CODE CHARGE

Leo M. Steinhour, Gettys St., has been sent a ten-day notice by Justice of the Peace Robert P. Snyder, for failing to notify the Department of Motor Vehicles of a change of address within 48 hours. He was arrested March 18 by borough police.

## WILL GIVE MEDITATION

The Rev. Herman G. Stumpfle, pastor of Christ Lutheran Church, will give the meditation at a pre-confirmation rally for Lutheran youth in St. Paul's Lutheran Church, York, Sunday afternoon.

## CANCER MEETING

All community campaign chairmen and solicitors for the forthcoming American Cancer Drive, Adams County Chapter, are urged to attend a kick-off meeting Tuesday evening at 7:30 o'clock at the Gettysburg YWCA.

## Brazil May Burn Huge Coffee Surplus

NEW YORK (AP)—A Brazilian coffee exporter says his country may burn six to seven million bags of coffee this year to keep the price up.

Abraham Jabour said last night the 1954-55 crop in Brazil could produce a surplus of that many bags, each weighing 132 pounds. Brazil grows the bulk of the world's coffee.

He said the surplus will be withdrawn from the market—and may be burned—when the 1955-56 crop starts next July.

The 1954-55 crop, he said at a news conference, is expected to produce 15 million bags and the following year there may be 16 or 17 million.

He said a decrease in the brazil price of coffee, now around 50 to 54 cents a pound, could ruin many producers.

## Two Jets Crash In Texas; Three Killed

EL PASO, Tex. (AP)—Two jets crashed within an hour of each other near here last night taking at least three lives—and possibly more.

Three Air Force men died in the flaming wreckage of a B47 medium jet bomber as the plane zoomed in for a landing in a howling dust storm. The crash occurred in the midst of a housing development, but the plane did not strike full force any houses.

Two other men, as yet unidentified, were aboard a T33 jet trainer that crashed and burned a short time later.

Ground parties have not yet reached the scene, but were to resume their search at daybreak. The wreckage was believed to have burned out late last night, and was no longer visible from low-flying planes.

## Action In Trespass Filed By Ohioan

John Cavinee, Buckeye Lake, Ohio, has brought suit against Mary E. and Frank B. Dermody, wife and husband, Staten Island, New York, for \$786.09 damages as a result of an accident last April 16. His action in trespass was filed Friday with the prothonotary.

He states that on that date he was driving east on Route 30, about 11 miles west of Gettysburg, when the defendants, with Mrs. Dermody driving, drove out of Kane's gas station, on the south side of the highway, heading west and across the highway, and the two collided.

Cavinee estimates his loss at \$386.09 damages to his truck and \$400 loss of business. He states that Mrs. Dermody was responsible for the accident "by her negligence in not yielding the right of way, in not maintaining a proper lookout before entering the highway, and in not exercising due caution," and asks judgment to cover his losses.

## PROPERTY TRANSFERS

The following property transfers have been filed in the office of the register and recorder:

Donald P. Stevens and wife, Cone-wago Twp., sold to Clyde F. Bream and wife, Arendtsville, for \$6,000, a property in Conewago Twp.

John H. Bechtel Jr. and wife, Hamilton Twp., sold to John H. Bechtel Sr. and wife, of that township, for \$1, a property in that township.

## STRIKE IN ITALY

MILAN, Italy (AP)—The cities of Milan, Venice and Turin were without newspaper today as unions and publishers failed to reach agreement on wage demands. The papers' mechanical staffs were pulled out on a 24-hour strike.

## BREAK CAR MIRROR

Mrs. Raymond P. Hill, 135 Carlisle St., told borough police that a mirror was broken off her car Thursday evening. The car was parked on N. Stratton St. at the time. Police are investigating.

## MARRIAGE LICENSE

## WASHINGTON (AP)—Another "Dis-

teinfink" unit will join the Navy soon.

Dr. Alfred L. Shoemaker, director of the Pennsylvania Dutch Folk Festival, said yesterday a second Pennsylvania Dutch unit will be organized at Bainbridge (Md.) Naval Training Center.

Dr. Shoemaker is professor of American Folklore at Franklin & Marshall College, Lancaster, Pa. The new unit, like its predecessor, will be comprised of naval trainees from the 13 eastern and central counties that make up the Pennsylvania Dutch country.

## MAJOR HENRY IS NEW HEAD OF STATE POLICE

HARRISBURG (AP)—Maj. Earl J. Henry, a veteran state policeman, was Gov. George M. Leader's choice today for new state police commissioner.

The nominee will succeed Col. C. M. Wilhelm upon confirmation by the Senate. Wilhelm is in his 50th year with the state police force.

Informed of his selection, Henry immediately announced plans for a study of the entire department with a view to a shakeup in personnel and operation.

"The changes will be made with a view to obtaining utmost efficiency of departmental operation," he said, adding: "Every phase of police work is to be examined. There definitely will be a reorganization."

The first step, Henry said, will be to set up six-week refresher courses for all troopers in the latest crime detection and prevention methods.

## To Talk FBI Course

At present, formal schooling for state policemen ends with their six months of intensive training as recruits at the Hershey State Police Training School.

Henry said in addition, troopers will be assigned to study at the Federal Bureau of Investigation's National Police Academy and similar institutions. The commissioner-designate at present is the only Pennsylvania state policeman who is a graduate of the F. B. I. school. Selection of Henry will complete the governor's cabinet with the exception of a new superintendent of public instruction. Dr. Francis B. Haas has resigned but no successor has been named.

Leader in announcing his choice described Henry as having "long, distinguished and complete experience in state police work."

## Enlisted 30 Years Ago

"I welcome him as a member of my official family and extend to him my assurance of every support in discharging his supremely important functions," the governor said in a statement. Henry enlisted as a private in the force 31 years ago and was promoted through the ranks. He will be promoted to colonel when he takes office at a salary of \$15,000 a year.

The appointee presently is assigned as state police traffic officer at headquarters in the state capitol. A native of Conestoga, Lancaster County, he is 58, a World War I veteran, and captained the football team at Millersville State Teachers College in 1920, which he attended for three years.

## REDS REFUSE TO SLASH ARMS

LONDON (AP)—The Soviets have turned down a Western proposal to cut the U. S., Russian and Red Chinese armed forces to between 1 and 1½ million men each, Western representatives at the London Disarmament Conference say.

This was one of the points made last night by U. S. and French delegates who outlined their versions of the monthlong talks. They pledged to continue the negotiations to "cast aside the horrible threat of H-bomb warfare."

The Western powers were presented after London, Paris and Washington accused Soviet Deputy Foreign Minister Andrei A. Gromyko of violating conference secrecy rules by leaking to the Soviet News Agency Tass a plan presented by him at the talks.

The three Western powers also charged that Gromyko's Tass interview misrepresented their position and attempted to give the impression that only Russia was trying to reach a disarmament agreement.

The Russian turnaround of the forces was reported by Jules Moch, chief French delegate. Under the plan, French forces would be trimmed to 650,000 men. In an interview, Moch said the Soviets countered by suggesting a one-third reduction all around, an idea Russia has presented many times before.

## Adjourns Hearing On Sale Of Railroad

NEW YORK (AP)—An Interstate Commerce Commission hearing on plans to sell the bankrupt Ontario and Western Railway was adjourned yesterday until May 2.

The railroad's counsel, Elbert N. Oakes, told hearing Examiner Homer Kirby that some of his remaining witnesses were sick and he would not be able to produce them before that date.

Among those still to testify, Oakes said, were Lewis D. Freeman, court-appointed trustee for the railroad, and Samuel M. Pinsky, who heads a Boston group that has offered to buy the road for \$4,600,000.

## Illinois Leading In Gymnast Finals

LOS ANGELES (AP)—Illinois, UCLA and Florida State led the way into tonight's finals for the NCAA gymnastics championship, with defending champion Penn State seemingly out of the running.

Illinois topped the qualifiers at the end of last night's preliminary round, placing 14, while UCLA and Florida State had 10 each.

Penn State qualified nine and won the first title as Earl Schwenzler was crowned the all-around champion. He qualified in calisthenics, sidehorse, horizontal bar, parallel bars and flying rings, and his total of 1,620 points established a new high for the championships. Former high was 1,556 last year by Jean Cronstedt, also of Penn State.

Comedian Joe E. Brown made the presentation of the all-around trophy to Schwenzler.

LEGIONNAIRES  
PLAN EGG HUNT  
EASTER SUNDAY

The Ocker-Snyder Post No. 321, American Legion will hold an Easter egg hunt for the children of the community again this year. The egg hunt will be held on Easter Sunday afternoon at 2 o'clock on the lot adjoining the rear of the Legion home on E. King St. The eggs will be prepared by the Legion Auxiliary. Special prize eggs will be hidden. In case of rain on Easter Sunday, the egg hunt will be held on Monday, April 11, at 6 p.m. Plans were completed for the hunt at the semi-monthly meeting of the post on Thursday evening.

Commander Robert W. Gouker presided at the session, and introduced Burgess Roscoe W. Rittase and Gerald W. Daley, who spoke in the interest of the ground observer corps being organized in Littlestown. Legionnaires were invited to become volunteer spotters of the corps, and may do so by contacting Mr. Daley.

It was announced that rehearsals are in progress for the minstrel show "The Stars and Stripes" to be held by the Legion on Wednesday and Thursday, April 13 and 14, 8 p.m., in the Littlestown High School auditorium. The show is being presented for the benefit of the community ambulance fund. Beaven Hanlon and Stewart N. Long are co-chairmen of the committee in charge of general arrangements for the show. The names of those Legionnaires participating as endmen and the members of the chorus will be announced in the near future.

The Legion voted a contribution of \$5 to the Adams County Crippled Children's Association. It was announced that membership dues

All of the 4-H members selected as delegates have distinguished themselves in club work and as capable young leaders. Zettle said. All four Pennsylvania delegates have "gone through the chairs" in their respective clubs, having filled all of the offices, including that of president. All of them have also attended 4-H Club week and 4-H Leadership school at Pennsylvania State University.

Young Zepp has also been active in the Future Farmers of America at Gettysburg High School. Among his most recent accomplishments was winning first place in a statewide FFA project contest.

Musical Will Be  
Given On Sunday

A community musical will be held Sunday evening at Trinity Evangelical Lutheran Church at 7:45 o'clock. A special program has been arranged by the Trinity Brotherhood who is sponsoring the annual service. The program includes: a brass quartet, under the direction of James Fisher, music director from Thurmont High School, who will play the prelude, postlude, offertory and hymns; choir from Elias Lutheran Church, Emmitsburg; Gem Male quartet from the Methodist Church, Hampstead; Gospelaires quartet from the Church of God, Uniontown; from Taneytown High School, the mixed chorus; male quartet of Grace Reformed Church; Community chorus; vocal duet, Joan and Ann Stiel of Presbyterian Church; vocal number by the youth choir of the Evangelical United Brethren Church and Trinity Lutheran Brotherhood.

Mrs. Flora Leister, Taneytown, spent Friday in Baltimore with friends. Mrs. Carl Baumgardner, Littlestown, will be the guest speaker of the Bible Class of Trinity Evangelical Lutheran Church, Sunday.

WHITE PINE, Tenn. (AP)—A two-coned twister struck Jefferson County from a black cloud late yesterday and left a wake of wrecked buildings, uprooted trees and other damage estimated at \$100,000.

No deaths or injuries were reported. The tornado hit both White Pine and Jefferson City, about 20 miles to the west. White Pine is about 35 miles northeast of Knoxville.

TELLS OF BIG  
BRIBE OFFER  
IN THORNE CASE

CHICAGO (AP)—A Cook County coroner's official who investigated the death of Montgomery Ward Thorne last summer says he once was offered \$10,000 by Mrs. Aileen Ragen to establish the youth's death as murder.

The statement was made in a deposition yesterday by Harry Glos, assistant chief deputy coroner. It is part of the court record in a contest over the mail order heir's fortune of two million dollars between Thorne's mother, Mrs. Marion Thorne, 54, and Mrs. Ragen and her daughter, Maureen, 19.

## Reward, Not Bribe

Miss Ragen, who was Thorne's sweetheart, and her mother were named principal beneficiaries of his estate in a will he made June 10, nine days before he was found dead in his one-room North Side apartment. In an earlier will his mother was named chief beneficiary.

Mrs. Ragen and her daughter were not available for comment. They were reported vacationing in the South. Mrs. Ragen's attorney, Benjamin H. Ehrlich, said he never had heard of the alleged offer. He interpreted it as a reward, not a bribe, and said Mrs. Ragen recently had announced a \$10,000 reward for information leading to the arrest and conviction of the murderer of Thorne.

STATE INCOME  
TAX PONDERED  
BY GOVERNOR

By LEONARD A. UNGER

HARRISBURG (AP)—Sources close to Gov. George M. Leader hinted today he is giving top consideration to a form of income tax as the keystone to a 400 to 500 million dollar tax package.

It's strictly in the speculative state because a decision still has to be made on (1) the size of the commonwealth's budget for the next biennium starting June 1 and (2) how much exactly is needed to balance it.

An administration proposal for an income tax—by whatever name is finally given it—would be expected to stay away from a flat wage levy.

The governor is firmly committed against a flat income tax and has pledged to permit the present 1 per cent sales tax to expire next Sept. 1.

## Court Balk Graduated

The State Supreme Court has specifically ruled that a graduated income tax, in the sense that higher rates apply to higher income as under the federal law, is unconstitutional in Pennsylvania.

What could happen is that the governor may call for something between a flat income tax and a full-blown graduated income tax. This would mean some sort of exemption—perhaps on the first \$1,000 of a person's income—with the governor taking his chances that the court would not rule it unconstitutional.

Possibly some type of deduction, even for dependents, could be allowed with the tax being imposed on this remainder.

The governor's tax study committee recently came up with a conclusion that exemptions would be unconstitutional but said income tax rates may be differentiated according to the type of income.

He's Democrat; To  
Run As Republican

BEDFORD, Pa. (AP)—Virgil C. Boor of nearby Bloomfield Twp. filed nominating petitions for school director on both the Republican and Democratic tickets.

Then he found out cross-filing was illegal in Pennsylvania. The Bedford County solicitor yesterday ruled the county had to accept the first petition filed. So, although Boor is a registered Democrat, he'll be running in the Republican primary.

Complains He Gets  
Special Jail Care

NEW ORLEANS (AP)—Crime prober Aaron Kohn, serving a 10-day contempt sentence, complains that first class accommodations are preventing him from investigating jail conditions.

The Philadelphia investigator, who set out two years ago to probe the Police Department and wound up in jail for refusing to reveal his informants, is being housed in the hospital wing of the Orleans Parish Jail. He eats with jail employees instead of with other prisoners.

"I'm not sick," he said. "I have no right to be treated differently than any other prisoner."

Kohn claimed that the preferential treatment enabled jailers to keep close tabs on his investigation. He has said he planned to spend his time in jail looking into conditions.

CLOSE HEARING  
ON GI DEATH

NEW YORK (AP)—A House Armed Services subcommittee has ended a one-day hearing on medical conditions at Ft. Dix, N.J., after hearing that the best treatment possible was given to a GI who died from meningitis.

Pvt. Irving Weinrib of Far Rockaway, N. Y., collapsed and died from a "quick - killing" form of meningitis a month ago.

Shortly afterward, there were published allegations that Weinrib was not given proper medical treatment.

This was denied yesterday by his buddies, a chaplain, an Army doctor, and a private doctor.

Rep. F. Edward Hebert (D-La.) who was chairman at the hearing, said there was no evidence of a meningitis outbreak at Ft. Dix, the big eastern training center. He accused a segment of the press of "going off half cocked and arousing hysteria."

While medical care was cited as excellent, Hebert said some of the old barracks were not so healthy. To fix this, he said, the Army plans to spend three million dollars to rehabilitate the barracks.

Roberta Peters To  
Wed N.Y. Hotel

PITTSBURGH (AP)—Metropolitan Opera star Roberta Peters plans to marry Bertram Fields, a New York hotel man, in July.

Miss Peters, here for concert appearances, made the announcement yesterday.

The 24-year-old coloratura soprano was formerly married to Robert Merrill, 36, also a member of the Metropolitan company. They were divorced in 1952, 10 weeks after the wedding.

Merrill is now married to Marion Machno, 27, a pianist.

To Use Dynamite On Ice Pack  
Crunching Down Niagara River

NIAGARA FALLS, N. Y. (AP)—U. S. Army engineers scheduled blasting operations today in a helicopter-borne attempt to break up a glacier-like wall of ice shouldering a path of destruction down the lower Niagara River.

A demolition expert was to be carried in a special helicopter harness to the middle of the ice, about 1,000 feet from the river's Lake Ontario mouth. He was to plant a 25-pound stick below the surface crust.

The center of operations was just off historic Ft. Niagara, which saw several skirmishes between U.S. and Canadian forces in the War of 1812.

## Sweeps Riverside Homes

Col. Loren W. Olmstead, who announced the plan last night, said the demolition man was to seek holes in the ice deep enough to allow the charges to be buried. The ice masses were 40 to 50 feet high in spots.

The ice carried riverside homes, docks and boat sheds with it as it crunched downstream.

The damage in one village—Lewiston—was estimated at \$200,000. There was no overall estimate.

## Over Falls Thursday

The ice originated in Lake Erie. Windstorms Tuesday swept it over Niagara Falls.

Olmstead said Canada's permission was not needed for the blasting. He said the Canadian west shore was "nothing more than rocks and trees."

An engineers' spokesman said a drill would be used if holes in the

ice could not be found. Should the first blast fail, others will be made further upstream, he said.

The engineers previously had maintained that dynamite would have no effect on the ice, since the soft slush underneath would only act as a cushion.

## One Try Failed

An attempt to dynamite the pack failed Wednesday. Engineers said at that time that nature would have to provide the necessary help in the form of a slow thaw.

A too-rapid thaw might result in worse flood threats, authorities said.

Aside from smashing river-front homes and other structures, the ice has hampered power plants in Niagara Falls and Ontario. Several boat yards were also damaged as the will of ice slowly ploughed its way downstream.

Engineers said that the three bridges spanning the Niagara River gorge and the Lewiston suspension bridge were not in danger.

### TEN YEARS AGO

**Elizabeth Ayers Weds Philip S. Hughes:** Elizabeth Ayers, daughter of Mrs. Margaret Minnick, 131 Carlisle St., and Philip S. Hughes, son of George A. Hughes, 100 Baltimore St., were united in marriage Saturday afternoon at 2 o'clock in the parsonage of the Westminster Lutheran Church by the Rev. Elwood Falkenstein. The couple was unattended.

The bride wore an aqua dress and her flowers were white gardenias. She is a graduate of Chambersburg High School and the Washington County School of Nursing, Hagerstown, and is now a member of the nursing staff at the Warner Hospital. Mr. Hughes is a graduate of Gettysburg High School and is employed by the Times and News Publishing Company as a compositor.

**Muselman Foundation To Provide Funds For Warner Hospital Memorial Addition:** With the organization of a building committee and the signing of a contract with the architect, the initial steps have been taken toward the construction of a new addition to the Annie M. Warner Hospital of Adams County, it was disclosed today.

The new building will be a memorial to the late Christian H. Muselman, of Biglerville.

Funds for constructing and furnishing the new building were made available by Mr. and Mrs. Muselman some time ago through the Muselman Foundation.

**Lt. McIntyre Weds Soldier:** Announcement was made today of the wedding on Tuesday in Elkton, Md., of Lt. Mildred J. McIntyre, a U.S. Army nurse recently returned from a six-month tour of duty in France, and Corporal Albert Wires, of Jasper, Ala.

Lt. McIntyre is a daughter of Mr. and Mrs. Peter McIntyre, 141 E. Water St. Corporal Wires is a member of a medical detachment at the hospital at Aberdeen, Md.

**Helped Knock Out Three Panther Tanks:** Pvt. William Hough, of Littlestown, was a member of a tank destroyer crew which charged up a mountain in the Yankee bridgehead east of the Rhine and finished off three German Panther tanks in less than three minutes, an Associated Press dispatch from the Remagen area disclosed today.

**Fruitmen Are Worried Over Swelling Buds:** Robert C. Lott, Aspers R. 1, president of the Adams County Fruit Growers Association, said today that if the present warm weather continues, peach blossoms will be open within the next several days. Peach tree budding is about one month ahead of schedule right now.

Lott said the present situation "doesn't look so good." He disclosed that reports as of Sunday from the Arendtsville fruit laboratory showed that the buds on fruit trees in general in the county were at approximately the same stage as they were April 8 last year — which was considered a normal spring for fruit growing. That would place the general situation as regards apple trees about three weeks ahead of normal.

County fruitmen are worried that the exceptionally unseasonable weather will prove a serious handicap to fruit production and may cause a large loss if a cold snap comes.

## Today's Talk

**THIS ONE THING I DO**  
One of the greatest of all qualities is that of concentration, having a purpose and pursuing it without let-up, without a loss of will or determination, having as a motto: This one thing I do. To do this has been the plan of everyone who has achieved anything notable.

Anyone interested sports — and who isn't? — should read the late Grantland Rice's book, "The Tumbler and the Shouting." For a long and interesting lifetime Rice worked with all the great leaders and performers in sport, and the stories he tells are such as will never be forgotten.

In this book is a chapter on Gene Tunney, whom I knew intimately long before he became champion. In fact, after seeing and talking with Tunney during a vacation at Miami Beach, Florida, I turned to him and said: "Gene, you will be the next champion heavyweight fighter." I wrote a piece about him and predicted that he would be this. In six months he was! Rice got the same reaction from Tunney. Once he asked his plans, and Tunney replied: "My plans are all Dempsey," knowing as he did that he had to beat the other hopefuls on his way up. But that is what he did. And he didn't want any question as to his merit, it so he won from Dempsey twice! But both were great champions.

One reason why Grantland Rice's book has had such a fine sale, I believe, is because it is so full of stories of the great in all sports who had to fight their way to the top — who resolved upon one thing — this one thing I do. And that is why the public will never tire of great sporting events. Life itself is a contest. If we cannot be great, we can at least be useful — and perhaps that in itself approaches greatness.

### SPRING GOLFERS

Out they come from the nosy grill

In their leather coats and their creaked shoes

The cards are left on the window sill.

Their clubs are ready for them to use.

In school for weeks must the caddies stay.

For this is the rule: 'til spring has flown.

Though heavy the clubs with which men play,

Each golfer will have to carry his own.

They'll argue the handicaps; give and take

Though it's winter golf with the lies self-made

And the course is short of the scores they make.

They'll boast as if regular golf they'd played.

Spring golfers are happy beyond a doubt

Though they win no cups for their mantle shelves.

But the worst of it is, until school is out

They will have to carry their clubs themselves.

mistake of John Mumma, founder of Mummasburg, back in the early 1800s was settled finally in a court order Saturday morning.

The action was started last August by Lizzie Trimmer, a Mummasburg resident, to obtain clear title to the property which she owned in the village.

Under the original plan of settlement, Mumma laid out an elaborate plan for his village which divided the area into a number of lots. In order to get the land settled he introduced a merchandising plan which is carried out in many lines of business even today — a patron was to buy one lot and get a second one free.

And a great many people did. The trouble arose from the fact that Mumma bothered only to make out deeds for the land which was sold. The extra plots that were given away free did not have deeds issued for them.

But the oversight apparently hadn't given any trouble until last summer when Mrs. Trimmer wanted to sell her property. Then it was discovered that no deed existed.

Mrs. Trimmer petitioned the court for a rule to bring ejectment and the rule was granted. Under its terms the heirs and assigns of John Mumma were given six months to show reason why Mrs. Trimmer should be ejected from the land. No action was brought and on Saturday the court signed an order forever barring any such heirs from ever bringing any action for recovery.

## "PROPAGANDA" CHARGE HURLED BY SEC. BENSON

WASHINGTON (AP)—Secretary of Agriculture Benson has termed "political propaganda" a House Appropriations Committee report charging his department with negligence and irresponsibility.

A continuing farm policy split between Benson and some members of Congress broke out anew yesterday when the House Appropriations Committee blistered the agriculture secretary "and others around him" for what it said were "political and other considerations" governing many of their official acts.

The blast was contained in a committee report recommending funds for the Agriculture Department in the fiscal year starting July 1.

### Rushing Market Expansion

The committee's criticisms were leveled chiefly at the Commodity Credit Corp., which handles the price support operations, and the rate at which the department has been disposing of government-held surplus farm products, now totaling about 7½ billion dollars. The congressional group also spoke of lower farm income and charged the administration production control programs with forcing farmers off the land.

Benson replied "any decline in income that farmers have experienced occurred while we had an unrealistic rigid support law." He also blamed this now-superseded law for forcing farmers from their farms.

As for the surplus problem, Benson said his department is "pushing to the limit" its expansion of both domestic and foreign markets for excess farm commodities accumulated by the government under price support operations. But he stressed that the administration does not propose to "dump surpluses in a manner that will break the markets."

## SAYS FEDERAL WORKERS WILL GET PAY BOOST

By JOE HALL

WASHINGTON (AP)—Sen. Carlson (R-Kan.) said today he still is confident federal employees will get the 7.6 per cent pay raise President Eisenhower favors instead of the 10 per cent voted by the Senate.

He conceded, however, that it may require a presidential veto to get the lower figure.

The pay raise battle shifts to the House after the Senate's passage yesterday of bills to raise the pay of one million classified Civil Service workers and 500,000 postal employees.

But there a considerable delay appeared in prospect. It seemed months might elapse before the employees actually get the pay increase, especially if Eisenhower vetoes the first bill sent to him.

Chairman Murray (D-Tenn.) of the House Post Office and Civil Service Committee told a reporter he had no plans to revive the pay question there for the present.

The House rejected by almost a 3-1 margin Monday Murray's effort to call up the 7.6 per cent bill for postal workers on a take-it-or-leave-it basis.

### Ignore GOP Warning

The Senate, in passing the 10 per cent bill, ignored an explicit warning from Republican leaders that President Eisenhower would veto such an increase.

The cost of a 10 per cent raise would be about 220 million dollars annually for the postal employees, 500 million for the Civil Service workers.

The key test in the Senate came on a move by Carlson to substitute the 7.6 per cent postal pay bill for the 10 per cent boost.

This was rejected 52-41, and the postal bill then was passed 72-21, although some Republicans voting for it said they would not vote to override a veto.

The postal employees unions, long considered one of the most potent lobbying forces on Capitol Hill, went all out for the bigger increase. They also objected strongly to a job reclassification plan included in the administration bill, but not in the 10 per cent measure.

Once the postal bill was put through, the same raise for classified Civil Service employees was approved quickly on voice vote. The bill was made to apply as well to congressional, judicial and other federal employees outside the civil service program.

## 'SCHIZOPHRENIA' IS CHARGED ON YALTA PAPERS

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) accused Republicans today of playing a game of "political schizophrenia" over discussion of the Yalta conference report.

Humphrey said he "marvels at the political psychology" of a statement by Sen. Knowland (R-Calif.) after a White House visit yesterday. Knowland said he sees "no basic difference" between himself and President Eisenhower on public discussion of the Yalta meeting.

"This is certainly a game of political schizophrenia (split personality)," Humphrey said in an interview.

"It seemed to me the President made it perfectly clear that he doesn't believe there is anything to gain in going back 10 years to try to prove somebody was wrong at a conference then."

"It also seemed perfectly clear that Sen. Knowland intended to discuss the Yalta conference whenever he chose, despite the President's attitude."

"But every time they have a conference, they indicate everything is sweet and lovely despite the fact they are singing different tunes."

Knowland, the Senate Republican leader, said he discussed with Eisenhower publication of documents dealing with the 1943 Tehran and 1945 Potsdam conferences. The latter was attended by former President Harry S. Truman.

He said he expects these documents to be made public "in an orderly manner."

The California senator said he doesn't disagree with Eisenhower's view that the Yalta documents "should not be used for partisan advantage." But he added that when he believes the occasion demands it, he expects to talk about the papers to give the public a "more accurate picture" of what transpired at Yalta.

Sen. Bender (R-Ohio) made it clear in an interview he intends to beat out the Yalta theme on the political drums in his campaign for reelection next year.

of which they themselves are the product may survive and the same opportunities be available to coming generations.

Containing that tuition fees, like hospital bills, are not full payment of the facilities and services rendered, Scharf said such payments merely cover the carrying charges and not the capital charges.

### Help Others Benefit

"The tuition we paid cannot provide the 'set-aside' that is necessary to assure the needed expansion of the institution to provide for its normal growth and development. Just as in our political and economic freedom, we share the contributions of former generations and of our forefathers, so must we contribute in order that succeeding and future generations may be benefited as we were."

Scharf cited a number of ways in which an alumni club could help the college and help Adams County youth in achieving a college education. In his motion that the club be formed he added that it be the objective of the organization "to serve the college in a manner that will make available to future generations the advantages and benefits that have been made available to us, and in that manner discharge our obligations to the institution and to those before us, who, by their own re-investment, made possible the facility that we enjoyed."

Dr. Langsam, in addressing the newly formed alumni group, gave a complete report of the college and told of the new dormitories and the advances being made by the institution and the accomplishments of the past few years. He paid tribute to the faculty and to the student body whom he described "as a wonderful group of young people of high morale and high morals."

The college president, in telling the alumni group the manner in which the college can be served, gave them an insight to the future of the school.

"It always has been a great college and Gettysburg will be even greater in the future. We will have adequate facilities for 1,200 students but there are many things that must be done in the future."

"Among the essential things are a larger facility which will permit maximum classes of 20 students; higher salaries for the faculty which will bring their compensation more in line with their ability and responsibilities; reinstatement of the system of sabbatical leaves; more equipment for several departments; a field house and other adequate classroom and dormitory structures."

### Reports On Operation

"This cannot be accomplished all at once but progress is being steadily made and you alumni will be as proud of your college in the future as you are now."

The college president gave a detailed report of the operation of the college, the scholastic standards, the multiple departments and courses and the extra curricular activities such as athletics, concerts, lectures and career conferences.

Mrs. Langsam responded to an introduction. Dr. Harry Baughman, president of the seminary, gave the invocation.

## Charge Politics In Farm Planning

WASHINGTON (AP)—The House Appropriations Committee Friday accused the Agriculture Department of allowing political considerations to darken the future of American farmers.

It blistered the department's management in a report recommending \$878,625,391 in cash and 388 million dollars in lending authority to finance the agency for the next fiscal year. This was a net cut of only \$6,424,524 from budget requests.

The report by the committee bristled with criticism of Secretary Benson and "others about him."

The Commodity Credit Corp. and its parent organization, the Commodity Stabilization Service, bore the brunt of the committee's wrath. Benson is chairman of the Board of Directors of the CCC, which handles the government's farm price support program.

and Kenneth P. Hull comprised the nominating committee.

Admiral Heimer told the group, upon taking the chair, that he recognized the responsibilities and the opportunities of the organization and said he would meet with the officers, in the near future, and would announce a program of activities.

It was reported that there are 400 alumni and former students of the college in Adams County and that expressions of interest were received from nearly half of them.

The meeting adjourned with the singing of the Alma Mater led by Gilbert Lupp.

## BELGIUM BARS CHURCH MARCH

BRUSSELS, Belgium (AP)—Belgian authorities took emergency steps Friday to head off a threatened Roman Catholic march on the capital today to protest the government's proposed slash in subsidies to church schools.

The governor of Brabant province—of which Brussels is the seat—ordered all roads into the capital patrolled to enforce a ban on group movements of buses or trucks into Brussels.

Authorities also forbade use of more than 100 special trains set up to bring demonstrators into the city. Fearing violent clashes would break out, the government moved state police reinforcements into the city.

### Will Go Ahead

Catholic organizations served notice they still planned to go through with the demonstration against what they charge is a government move to freeze out the church schools in favor of the state system.

The public protest was launched by a parents' strike on Thursday which kept nearly a million Catholic children home from school. Of Belgium's 1,600,000 school children, 900,000 attend church schools.

## Chester Meets McKeesport Tonight For PIAA Honors; Game On Television At 7:30

PHILADELPHIA (AP)—Fast-breaking Chester and tall, rugged McKeesport meet tonight for the state high school Class A basketball championship with eastern Pennsylvania basketball prestige at stake.

Class B and Class C championships were decided last night and the western Pennsylvania champions won both titles.

Wampum closed out its best season in its history as it defeated Fountain Hill, 73-61 in Pittsburgh for the Class B title. And at Pottsville, Fredonia High School, western champion from Mercer County, won the Class C title with a 50-44 victory over Fregland, the eastern champion.

Chester's Clippers will be carrying eastern honors into tonight's Class A title game for the second year. Last year they lost to Farrell 58-52. Tonight's game will be carried over a statewide television network.

**Impressive Record**  
McKeesport goes into the game with a string of impressive play-off victories, including one over Farrell for the WPIAL championship. The very stamp "WPIAL Champion" marks the Tube City team as a tough contender for the state crown, for the suburban Pittsburgh conference is considered about the toughest championship training ground in the state.

But the Delaware County team was equally impressive in its drive to the eastern championship, manhandling every team it met as it stretched its season's string of successive victories to 28. Only an opening game loss to West Philadelphia mars the Clippers' record.

McKeesport has a 25-3 record, including a close defeat by Overbrook of Philadelphia, which featured 7-foot Walt (The Stilt) Chamberlain.

Wampum's wilt last night was its 31st of the season without defeat. As usual high scoring Don Hennon, closing out his fabulous high school career, led the way. He scored 35 points to make his four-year total 2,376, a new state record. Jerry Barger led Fountain Hill with 29 points.

The Fredonia-Fregland game was settled at the foul line. Fregland dropped in 16 field goals to 14 for the new Class C champions. But Fredonia scored 22 times from the free throw line. Fregland made 12 foul tosses. Jim Noble of Fredonia was high scorer with 15 points, nine on free throws. Larry Solarek led Fregland with 12.

The Chester-McKeesport game begins at 7:30 in the University of Pennsylvania's Palestra. It will be telecast over a 10-station network originating with Philadelphia's WFIL-TV.

**Starting Lineups**  
The probable starting lineups for the game (uniform numbers in parentheses):

Chester (Dist. 1)

## BOB BAKER IS GIVEN DECISION OVER MEDEROS

By ED CORRIGAN  
NEW YORK (AP)—Bob Baker, the mustachioed No. 2 challenger for Rocky Marciano's heavyweight crown, today shrugged off his 10-round decision over Julio Mederos—and, in fact, admitted the Cuban would have beaten the "old" Baker.

"It was a victory of no major importance," said the 28-year-old Pittsburgher, speaking of his easy conquest in Madison Square Garden last night. "It was just another win (No. 9 in a row). Now I'm looking ahead to the big boy."

That, of course, would be Marciano, and Baker stands a fine chance of meeting the Brocton blockbuster in September, assuming Rocky gets past Don Dockell in his next title defense on May 16.

**Mederos Shows Promise**  
"I let Mederos get away," Baker said. "I had him wobbly and should have banged away to the body. I tried. But sometimes you can't get around as fast as you'd like."

The "old" Bob Baker, let it be explained, let himself blow up to as much as 225 pounds. Now that he's taking his training seriously, he was down to 209½ to 190½ for Mederos.

As for Mederos, the evidence indicates the 22-year-old Cuban, who came into prominence three weeks ago by knocking out Roland La Starza, is a heavyweight of some promise.

The bout was telecast and broadcast by NBC.

## Mat Champs Try For Repeat Victories

ITHACA, N.Y. (AP)—Three individual champions and defending team titlist Oklahoma A & M make their bids to repeat today in the 25th annual National Collegiate Wrestling Championships.

Oklahoma A & M goes into the semifinals just a point behind Pittsburgh. The Panthers, with four entries still within reach of individual honors, has 11 points. The Aggies have three individuals still in the running.

Oklahoma filled third place in the team standings with nine points. The outstanding wrestler thus far is Leigh's Edward Eichelberger, who recorded three falls in the preliminaries. The 147-pound junior wrapped up the three bouts in a little more than 14 minutes.

## Blair Resigns As Chambersburg Coach

Head football coach Walter Blair of Chambersburg High has resigned. Blair held the head coaching job at Chambersburg only one year and had a record of four wins and six losses. He replaced Robert Beard, who became junior high principal.

Blair said he submitted his resignation to Superintendent of Schools J. Frank Faust on Thursday. Blair said: "I had a much better offer. I didn't want to resign, it was a tough decision to make. I had two real good ball clubs coming up."

Although he is not leaving the area, Blair would not disclose where he is going. He did say that he would be coaching football, but indicated that his new position would also involve other duties.

## Mount Trackmen Will Open Campaign Next Thursday; 15 Games For Baseball Squad

Mount St. Mary's College will open its spring sports program on Thursday, March 31, when the Blue and White trackmen meet Towson State in a dual meet. Baseball will get underway on April 13 with the Mountaineers facing Syracuse University at Emmitsburg. Tennis begins on April 14 at Loyola. The golf schedule is incomplete.

Coach Jim Phelan faces a rebuilding problem in baseball since the Mountaineers lost three top pitchers including Ward Clark, one of the top hurlers in the conference. Also lost were Lodi Green, who hit .357, Paul Clarke, who hit .326, and Gary McMahon, a 308 hitter. Phil Moyle, last year's regular receiver, has also graduated. However, Phelan has a good nucleus in left hander George Proferes, Joe Smith, Jim O'Haren and Jerry Donnelly, a highly touted right hander, ineligible last season because he was a transfer student.

Co-captains Frank Smith and Jack Kubeika give the Mountaineers a veteran double play combination at short and second base. Kubeika walloped league hitting last season for a .381 average and Smith hit .294. Charley Costenbader, Jim Ford and Larry Horning have all had experience back of the plate but all are weak hitters with the exception of Ford, who hit a .332 average in limited service.

Freshman Gene O'Malley has also shown promise as a receiver. Phelan has a couple of good third base prospects in Tom Galvin, who played service ball, and Denny Shuck, who starred at La Salle High at Cumberland. First base presents a problem but Don Spaulding of Thurmont; Gene O'Malley and others are having a lively contest for the job.

In the outfield, Jack Sullivan, who hit .290, is back for centerfield as is Ron Kujawa, who hit league pitching for .333. A flock of other aspirants are also looking for outfield posts.

The complete schedule follows:  
April 13, Syracuse, home; 16, Towson, away; 21, Western Maryland, away; 23, Baltimore University, home; 27, American University, away; 30, Catholic University, away; May 2, Washington College (two games), away; 6, Towson, home; 10, Loyola (two games), home; 10, American, home; 13, Baltimore, away; 17, Western Maryland, home.

## FRENCH CHAMP TO GO AFTER WORLD TITLE

By ANGEL DE LAS HERAS  
PARIS (AP)—When Seraphin Ferrer was a boy he seldom got enough to eat.

Nowadays he is hungry for the world lightweight boxing championship and he can't make the weight if he eats what he wants.

Ferrer's appetite for the title—and his chances—were sharpened considerably when he scored a technical knockout over Paddy de Marco, the No. 1 contender for the crown.

The fight brought the 24-year-old Frenchman to the attention of the boxing world. He needed it to emphasize his undefeated record since all his fights have been in France.

**16 Straight Wins**  
Ferrer has won 16 straight fights since turning professional. Although he picked up the French lightweight title along the way he still needs experience. He is aiming next at the European crown held by Dullio Loi of Italy.

Meanwhile, he is working as a cook in a small right bank restaurant, training in the afternoons and keeping his appetite in check. The black-haired, Latin-looking boxer trains hard. He was born in Tiemcen, French North Africa, of Spanish parents.

"There were mother and father and eight boys," Ferrer says. "Do you know what that means?"  
For Ferrer it meant he quit school at 12 and started scrapping for a living.

During his teens, Ferrer went to Nimes in South France and worked as a bricklayer. He joined a Nimes sports club to play soccer but the club athletic advisors recognized his boxing ability.

They encouraged him and led him to an amateur record that includes 50 wins and three defeats. All the amateur losses were decisions.

**Strong Right Hand**  
Ferrer won the French lightweight amateur title in 1952, decided to turn professional, and came to Paris. He fought his first pro bout in November, 1953. His right hand is his most potent weapon.

Ferrer won the French title in November, 1954, when he scored a technical decision over Auguste Caulet in the 13th round. Ferrer also scored a decision over the Belgian lightweight champion, Joseph Janssens, a man who had earlier outpointed Percy Bassett, the featherweight interim title holder, while Sandy Saddler was in the Army.

If Ferrer can get by Loi (considered the No. 2 challenger behind de Marco) he will have clipped off the two men between himself and a title shot and can hardly be denied.

**EAST LANSING, Mich. (AP)**—Michigan State hockey center Weldon Olson has won his brothers and a brother-in-law playing hockey in this country. Two brothers and the brother-in-law play for Escanaba in the Northern Michigan Amateur League. Another brother is with Marquette of the same loop. The fourth brother is featured with Cleveland in the American Hockey League.

Whirlaway, he had some mighty peculiar habits, too, but look at his record."

**Saratoga Blamed**  
While Nashua took a slightly irregular course in the Flamingo it must be pointed out that Saratoga, ridden by Ted Atkinson, was guilty of running into Nashua.

"Saratoga ran into Nashua when he caught him," says Marshall Cassidy, the presiding steward and secretary of The Jockey Club. When informed of this after the race, Arcaro said: "That's exactly what happened."

Someone said "If Nashua runs in the Derby the way he ran in the Flamingo, Arcaro will not want to be within 10 miles of Churchill Downs."

"Don't you believe it," said Arcaro when this remark was relayed to him. "I'll ride Nashua anytime. He's the big horse."

## PAN-AM GAMES CLOSE TODAY

MEXICO CITY (AP)—The 1955 Pan-American games come to a formal end today with Olympic-like ceremonies in the huge National University Stadium.

Only a final event on the equestrian slate—more show than anything else—was on the bill as the feature of the grand finale at the stadium.

Most of the 2,000 or more athletes who performed in the two weeks of competition have gone home, including the large and powerful U.S. squad which marched away with the major honors.

The scoreboard: U.S. 1,434½, Argentina 569½, Mexico 440, Venezuela 155, Chile 150, and Brazil 138½ to list the leaders.

The U.S. wound up with a wall-popping team victory in swimming and diving. The Yanks collected 12 first place gold medal awards out of a possible 20.

The final program yesterday, however, found Canada, not the U.S., grabbing the laurels, thanks to the rather astonishing demonstration of skill and stamina by an 18-year-old Miss from Montreal, Beth Whittall.

Miss Whittall, a student at Purdue University, won the 100-meter butterfly, the 400-meter free style and swam the third leg butterfly in the 400-meter medley relay—all within little more than 30 minutes.

**PHILS HAVE HURLERS**  
CLEARWATER, Fla. (AP)—Off the spring training records it appears that the Philadelphia Phillies' 1955 hopes will rely mainly on pitching.

In 14 games, the Phils, known in the past as a weak hitting team, have averaged about 4½ runs a game. Nine of their games have been decided by one run. The Phils won five of the nine.

The pitching staff, however, has compiled an impressive earned run average of 2.87.

**NEW YORK (AP)**—The Ivy League basketball coaches today selected Bart Leach, Pennsylvania's co-captain, as the league's most valuable player in 1954-55.

**TOKYO (AP)**—Police found Kiichi Kitagawa yesterday peeping through a window at actress Keiko Tsuchida. He had only recently been released from prison. His crime: peeping in Miss Tsuchida's window.

## Many Factors Affect Way Your Car Rides, Engineers Assert

By FREDERICK C. RUSSELL

Having a good sense of direction in these days of traffic congestion saves a lot of fender work.

### Car Ride Is Complicated

With the matter of spring suspension coming in for serious re-appraisal it is anticipated that millions of motorists will become very conscious of the way their cars are riding. It may prove beneficial, but engineers caution against becoming too concerned over what may suddenly impress many drivers as serious trouble with springs, shackles, shock absorbers and tires.

There are times when even the most disinterested driver will feel that his car isn't riding as it should. He notices all the bumps in the road. On concrete he becomes aware of the way the car thumps when going over the divider strips. If he is observing he will recall that there have been times when his car seemed to ride smoothly and that doubtless under such conditions he was less aware of its riding qualities. In demonstrating motor power salesmen notice that shoppers seldom con-

sider the ride. Motorists can also be so absorbed in the way a car handles that they do not notice many of its other shortcomings.

Weather has much to do with riding comfort as temperature can affect the efficiency of shock absorbers and rain water can vary "lubrication" of leaf springs. Road temperature and tire friction change pressures, and thus affects riding qualities. So does passenger and luggage load.

### Two For The Money

Two rather interesting facts about mufflers are well worth noting by those who want best results from their cars. One is the effect of extra back-pressure from the use of a muffler not designed for the particular make and year of car. An increase of from 4 to 5 pounds back pressure will result in a cut of from 10 to 15 horsepower in the engine's output. The other interesting point is due to failure of the muffler designers to provide smooth edges over which the gases can pass.

### No Easy Solution

Auto men have found that light scratches on windshields can sometimes be buffed off with a power body polisher dipped in a paste of cerium oxide and water, using two parts of the former to one of the latter. Care is needed to avoid using pressure. The idea won't work at all for deep scratches.

### Mechanic Joe Speaking:

"If a lot of dilution shows up when the oil is being drained from the engine, or if there is smell of heated oil from the oil filler pipe, there's good reason to believe that the crankcase ventilation system needs checking. Dirty crankcase vents prevent vapors from being driven off, and when this happens they remain in the crankcase to condense when the motor is switched off and the car stands for any length of time. In addition to the front and rear vents always clean out the oil filler pipe too. It can be withdrawn from the crankcase as it merely has a press fit there."

### Safety Comes Naturally

It should come as good news to learn that some safety students believe that it is instinctive for a driver to turn the steering wheel in the direction of the rear end of the car is sliding, thus automati-

cally correcting the skid. This ought to dispel a lot of fear about not knowing what to do in an emergency. In spite of this, however, it is always well to keep in mind what should be done if the car's rear does start to slide around—usually to the right. It is less likely to do this if the brakes are applied in installments so as to prevent locking the wheels. Remember, too, that if the car is heavy the steering wheel should be turned in the direction of the skid more quickly than for a light car.

### For Future Reference

That cracking noise which you may have heard when the front doors are opened, and which probably bothered you no end, may be due to some road gravel which has been kicked up under the front fenders and which catches under the front end of the doors when they are opened. Remedy is to clean out this accumulation. It can be done with the doors in the open position.

### Save For Emergency

With the "passing gear" providing so much extra acceleration these days far too many drivers find it necessary to apply the brakes to check extra speed when they cut back into line after overtaking the car ahead. This waste of braking effort is largely a hang-over from the old days when there was often a real question whether the engine would be able to get up enough steam to make the passing safe. Experienced drivers use the passing gear for overtaking other cars only if they have made a mistake in their estimate of distance and speed or if some unforeseen condition develops. This eliminates overuse of brakes to check excessive passing speed.

### Easy With That Letter

If you ever feel enraged to the point where you feel like "writing a letter," take my advice for what it's worth and don't put anything down on paper until you have talked things over with your friends and have weighed all sides of the question. People in public life are the target of some very fancy vituperation, and about all this ever accomplishes is to rough up the machinery of life. A friend of mine who has been a critic on a New York newspaper for many years tells me that he has had readers hope that he would be boiled in oil. I was reminded of this when a reader of a column of mine in a motor club magazine said that if I happened to be unemployed this winter he could use a good snow shovel. I'd prefer that any time to being boiled in oil.

Most such letters are answered in friendly vein, emphasis being on turning the other cheek.

### Room For Improvement

I don't blame motorists for being provoked at the difficulty mechanics are having replacing oil filter cartridges on some of the late models. On some cars the job has to be done underneath, and because of other equipment on the motor the filter has to be removed. This increases the risk of starting leaks, and means that after a new cartridge is installed there has to be a period of careful watching of the oil supply. This all came about because of all the new underhood equipment.

### What's Your Trouble?

Q. When a vacuum gauge is connected to the windshield wiper outlet the pointer goes to the 18-20 range of vacuum, but the needle does a rapid fluttering. I have adjusted the idling mixture but without noticeable results. J. L. G.

A. That rapid fluctuation of the gauge needle means that there are loose valve guides.

Q. Since having the timing gears replaced the fan seems to be hitting something on quick stops and sometimes when going around a turn sharply. What could have been wrong with the job. K. J.

A. The job was all right, except

**HALF-FINISHED**—The battleship Kentucky, on which work was stopped at Norfolk, Va., Naval Shipyard at end of the war, has been suggested for use as guided missile vessel.

that the fan may have been damaged to the extent of having one of its blades bent. The tip of this blade is hitting something. On quick stops and turns the motor tips forward a bit because it is flexibly mounted.

Q. After an overhaul of the brake master cylinder I find that the pedal does not come all the way back. I have not taken the car on more than my usual two-mile run to business, but it seems to me that sometimes the brakes tend to apply themselves just as I am reaching the office or home. G. J. J.

A. The brake pedal push rod needs readjusting. This has to be done accurately otherwise the piston of the master cylinder won't come back fully and the system will build up pressure, thus applying the brakes automatically.

Q. What causes the breaker points of my car to burn out so often. I am getting about 500 miles from a pair. M. McB.

A. High voltage in the primary electrical circuit will cause this sort of thing. This is, in turn, usually due to poor grounding. I would try a separate ground for the distributor.

Q. My car is a 1940 model and runs well except that the tappets become very noisy when the engine is well warmed up. I have been told that these tappets can't be adjusted. What now? R. K.

A. The engine of your car has hydraulic valve lifters which automatically keep valve clearance at zero, but these are the older type lifters. They are not designed to operate with light motor oil. The chances are that you are using detergent oils such as are needed for the newer engines. Unless you keep the car outdoors don't use an oil lighter than 20 grade in winter, and 30 in summer, for this particular type motor.

Q. Pistons of two cylinders are apparently shooting oil. I have been told to use "hot" plugs. What would be the number for these. A. J. McM.

A. Your service man will have a chart that shows the complete heat range for various makes of plugs, together with the numbers for each. In switching it is not advisable to go more than one number one way or the other, switching again if this doesn't help. Chances are this motor needs a ring job.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford 7, Conn., and enclose

## ISRAEL WEDDING PARTY SHOT UP

JERUSALEM (AP)—An Israeli military spokesman charged that armed Egyptians shot up a wedding party in southern Israel on Thursday night, killing a girl and injuring 18 persons.

He said the attack occurred in the village of Patish, about 12 miles inside Israeli territory from the Gaza Strip, where 38 Egyptians and eight Israelis were killed Feb. 28 in a battle which the U.N. Mixed Armistice Commission blamed on the Israeli army.

An eyewitness said about 30 persons were dancing in the village hall when two grenade explosions were heard. This was followed by a burst of gunfire and a young teacher fell dead. Two other persons were seriously wounded.

First reports indicated the bride and groom were not injured.

## Gromyko Confers With Swede Officials

STOCKHOLM, Sweden (AP)—Andrei Gromyko, first deputy Soviet foreign minister, visited King Gustaf VI for 15 minutes Friday, at his own request. Later, he conferred for 50 minutes with Foreign Minister Osten Unden.

Gromyko stopped off here on his way home from five-power disarmament talks in London. His reason for visiting Stockholm and Swedish officials had government leaders puzzled. Informants said the words "general political discussion" used in a brief official announcement covered the situation.

His arrival Thursday coincided with a blast against Sweden in the Soviet Army newspaper Red Star and followed only shortly after the arrest of 11 persons in an alleged Communist spy plot in Sweden. Gromyko said nothing, publicly, about these things.

## Deny Collecting Money Illegally

BUENOS AIRES, Argentina (AP)—Roman Catholic education authorities have denied government charges that some Argentine Catholic schools collected government money fraudulently.

The accusations, made by the minister of education Thursday, struck a new blow at efforts to end months of strife between the church and President Juan D. Peron's regime.

The Superior Council of Catholic Education in a statement Thursday night said all Catholic schools will submit evidence to disprove the charges.

An Education Ministry announcement accused 89 church schools of defrauding the government of more than four million pesos (\$300,000). It said a committee had been set up to investigate the charges and decide which schools may continue to receive a subsidy from the government.

## York Republican Is Commerce Aide

HARRISBURG (AP)—John R. Hertzler, York businessman and registered Republican, has been named deputy secretary of commerce.

Hertzler's appointment to the \$12,500 a year post, effective April 15, was announced Thursday by Gov. George M. Leader.

Commerce Secretary John P. Robin said the 49-year-old Hertzler's experience in industry will complement his own economic knowledge and "greatly help in fashioning a rounded program."

Leader said Hertzler, former vice president of the York Corp., will bring to the department "a background of successful business experience combined with an exceptional understanding of the obligation of industry to community betterment."

in which they raised 23,930 broilers, 375 turkeys, 1,835 hens and 229 ducks. They marketed 74,127 pounds of broilers, 8,270 pounds of turkey, 421 pounds of capons, 1,004 pounds of duck, 1,858 pullets and cockerels and 18,924 dozen eggs and completed the year with a total profit of \$10,029.28.

Seven students had 36 head of sheep and made \$321.34 profit; the 43 who had small grains projects marketed 2,829 bushels of barley, 3,972 bushels of wheat, 819 bushels of oats, and 25 tons of straw and made a profit of \$7,759.34.

From 176 swine projects the students marketed 111,464 of pork, live weight, 1,094 pounds of dressed pork and their 152 sows had 1,136 offspring. They realized a profit of \$16,660.31 from the pig projects. Four youths had 79 acres in hay, producing 140 tons and bringing to them profits totaling \$4,190.48. The five who had 21 does in five rabbit projects produced 712 pounds of meat and made a profit of \$198.55.

## WILL CONSIDER LOBBYIST BILL NEXT TUESDAY

HARRISBURG (AP)—The House State Government committee will meet next Tuesday to take up the administration's lobbyist registration plan and committee Chairman Julian Polaski (D-Erie) believes the bill will receive favorable consideration.

If it does the proposal will be sent to the floor of the House where it could become the first lobbyist measure to be voted upon by a branch of the Legislature in more than 10 years.

"I think this bill will come out of committee. I am very anxious for it to come out," Polaski said. "We will meet Tuesday and I plan to call it up."

### May Register Lobbyists

The plan, backed by Gov. George M. Leader as "a very important and excellent idea," calls for the registration of all Capitol Hill lobbyists with the Senate secretary and House clerk. It requires monthly reports of both expenditures and receipts and would fix stiff penalties for violations.

Rep. Albert S. Readinger, House Democratic leader, indicated Wednesday he thought it was time for the House to consider the bill when he said he would "request the State Government Committee to take some action."

"They've had enough time to study it now," Readinger added. The plan was introduced under the sponsorship of Reps. Philip Lopresti (D-Cambria), C. O. Williams (D-Washington) and Stephen McCann (D-Green). It was promptly referred to Polaski's committee.

Polaski said that the only provision of the proposed legislation that has come in for discussion by his group is a definition of lobbyist. "There has been no criticism of anything else and we've had someone studying that definition all the time with a view toward possibly changing it."

## FRANCE VOTES ON RE-ARMING GERMANY TODAY

PARIS (AP) — Last-ditch enemies of West German rearmament girded today for their final chance to block the Paris accords in the French Senate.

It was the fourth and closing day of the debate. The deciding vote on ratification of the four interlocking treaties was expected to come late tonight or early tomorrow.

Opponents were expected to try every trick in the book and any might trip Premier Edgar Faure in his attempt to push through ratification. If rejected, the treaties must go back to the National Assembly, where prospects of being approved again were uncertain.

# IKE INSPECTS OLDEST COPY OF NEW TESTAMENT

WASHINGTON (AP)—The oldest known copy of the New Testament, among the most valued of all Christian documents, was shown to President Eisenhower Friday in a brief White House stop on the way to the Library of Congress.

The President leafed through the yellowed pages of faded manuscript, handwritten in the language which Christ and his disciples spoke.

A heavy police guard and a 1½-million-dollar insurance policy covered the volume on its journey of about an hour and a half from the vault of a Washington bank to the library, by way of the President's office.

At the library the volume, believed to be more than 1,600 years old, will be kept in a vault until it goes on public exhibition April 5.

**Scholars In Party**  
In the party at the White House were William B. Adams, president of the Aramaic Bible Foundation which has acquired the document; Norman M. Yonan, member of the family which has preserved it for centuries; Dr. John Shapley, an Aramaic scholar at Catholic University, and Bruce Baird, president of the National Savings & Trust Bank of Washington.

The testament is known as the Yonan Codex. For centuries it has been in the keeping of the Malek Yonan family, which came from Assyria. Codex means a book form of manuscript as distinguished from the scroll form. No sale price has been announced.

L. Quincy Mumford, librarian of Congress, said the Yonan Codex would be the greatest possible addition to the library's collection of biblical texts.

"This manuscript, so far as is known the world's oldest complete New Testament in Aramaic-Syriac—the language that Christ and his disciples spoke—brings to Washington a unique treasure..." Mumford said.

The rapid development of the use of cotton fabrics in the 18th century curtailed the widespread use of linen in Europe.

## Berwick Collector Files His Report

Tax Collector Edward F. Shorb collected over 60 per cent of the local and county taxes within his district, according to his 1954 report, which was filed recently with clerk of courts. He collected a total of \$45,068.79, while \$4,316.73 went uncollected.

Of the \$45,068.79 total, \$4,903.37 to the township itself, \$25,890.21 to the school district, \$8,542.37 to the county, and \$5,733.89 to the institution district, for the maintenance of County Home and child welfare services.

## SENATE DROPS BACK PAY PLAN

WASHINGTON (AP)—The Senate Friday stripped a retroactive clause from a bill proposing a 10 per cent pay raise for 500,000 postal workers.

It adopted an amendment offered by Sen. Byrd (D-Va.) to make any increase effective when the bill is signed by the President, rather than as of last Jan. 1 as proposed by the Senate Post Office and Civil Service Committee.

The change was accepted by voice vote with only a handful of senators present. Democratic leader Johnson (Texas) and Republican Leader Knowland (Calif.) supported Byrd. Chairman Olin B. Johnston (D-SC) of the Post Office and Civil Service Committee opposed the Byrd amendment. He said the last postal pay increase in 1951 was made retroactive for several months.

With action of the Byrd amendment, Sen. Carlson (R-Kan.) called up the administration-backed substitute bill for an increase averaging 7.6 per cent.

Carlson argued a 10 per cent rise would be excessive. President Eisenhower has indicated he might veto any increase greater than about 7½ per cent.

## Experts Believe Commies Can Attack Matsu, Quemoy Isles

WASHINGTON (AP)—Intelligence reports under serious study here indicate the Chinese Communists could launch a big attack on Matsu within a few weeks, and on Quemoy perhaps a month later.

A number of American military men say the Reds give every indication they intend to make the attack, but several factors could affect the decision, and the timing of any attack.

Among them is the April 24 opening date of a conference at Bandung, Indonesia, to which 30 African and Asian nations have been invited. Communist China will be among those represented, and there has been speculation an attack might be delayed beyond that date.

The two island groups, which lie near the Chinese mainland, are major outposts of Chiang Kai-shek's Nationalist forces based on Formosa. The United States has declined to say definitely whether it would move only if the attack were considered the start of a major assault on Formosa.

**Data Sent To U. S.**  
The intelligence evaluations, based on reports from the Far East, have been passed to top authorities in Washington. They are likely to become the basis for extensive discussion when President Eisenhower talks over foreign policy with Congress members of both parties at the White House next Wednesday and Thursday.

Asked about that possibility, AUSTIN, Tex. (AP)—Texans might brag a bit, but sometimes they have figures to prove it. The State Department of Public Health figures one out of every 16 babies born in the United States last year was a native Texan.

## KILL TAX CUT IN CONFERENCE

WASHINGTON (AP)—A Senate House Conference Committee Friday voted to kill a Democratic proposal for a \$20-a-person income tax cut next year.

Democrats said they "reluctantly" yielded and accepted a Senate bill merely extending present corporation income and excise tax rates for one more year.

Sen. Millikin (R-Colo.) said the committee recommendation would go to the Senate floor this afternoon.

It is expected to reach the House floor next Tuesday.

The committee's decision is subject to approval by both Senate and House. The House conceivably could refuse to accept it, but that appears unlikely.

Democrats had pushed through the House a plan to give each taxpayer and each dependent a \$20 tax cut starting next Jan. 1. They tied this into an Eisenhower administration bill continuing corporation and excise taxes.

The Senate voted 61-32 to take the tax cut out of the bill.

In the early 19th century, labor unions were classed as conspiracy by courts and were illegal.
